

Eugene Gluhotorenko

Senior Software Engineer, TechLead

📍 Minsk, Belarus

PROFILE

Solid software engineer with 9+ years of experience in delivering products. Expert in web with backend background. Passionate about programming, software engineering, data visualization and especially about creating rich frontend apps. My spare time I spend on reading popular science books, sport, traveling and developing open source.

SKILLS

JavaScript, TypeScript, Node.js, React, React Native, Swift, MobX, WebSocket, styled-components, Redux, Pixijs, HTML, CSS, Git and a lot of other libraries and tools.
